

## CPE / PRR CAPABILITY ROLL-UP

***"See First...Understand First...Act First"***

### Effects Based Capability

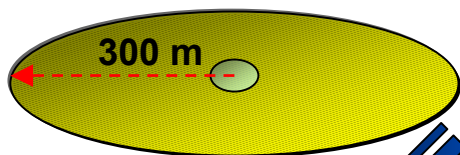

- CPE extends engagement range
- PRR extends individual communications range
- Result = Each SF Airman can dominate a greater Area of Influence...fewer airmen can cover more battlespace

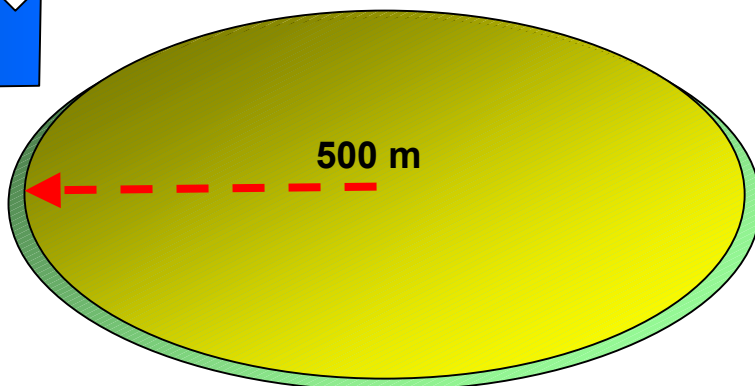

Effect of Combining CPE  
Designated Marksman and  
PRR:

Each Airman's potential  
area of influence  
significantly increases

#### Legacy SF Airman

#### SF Airman (Designated Marksman)

#### Personal Role Radio (PRR)

M4 / DOS

Commo Range

WPNs Range

The PRR (500m range) provides squad members unlimited capability to communicate within the squad, without interference to command net. The AN/PRC-148 (5km range) provides the link to higher HQ. By leveraging the maximum capability of individual systems, personnel can Shoot, Move and Communicate more effectively.
